

# OGU 2007 POST SHOW REPORT

**THE LARGEST OIL & GAS EVENT IN UZBEKISTAN CELEBRATED GROWTH OF 30%**

OGU 2007, the 11<sup>th</sup> International Exhibition and Conference hold in Tashkent on 15-17 May 2007.

Oil and Gas Uzbekistan (OGU) 2007 took place on 16-18 May 2007 in the Central Pavilions of NEC Uzexpocenter, Tashkent, Uzbekistan. The exhibition was officially supported by “Uzbekneftegaz” National Holding Company, the Ministry for Foreign Economic Relations, Investments and Trade of the Republic of Uzbekistan, the Mayor’s Office of Tashkent City and the Chamber of Commerce and Industry of the Republic of Uzbekistan. Sponsors of the exhibition are Delta Oil Company, Denton Wild Sapte, Pricewaterhousecoopers, Uzbekneftegaz, and UzTexaco.

OGU 2007 official opening ceremony was opened by the following government officials of Uzbekistan and VIP guests:

- Mr. N.Nazhimov, Deputy Minister for Foreign Economic Relations, Investments and Trade of the Republic of Uzbekistan
- Mr. N.Akhmedov, Chairman of the Board, Deputy Chairman of the Board of Governors of “Uzbekneftegaz” National Holding Company
- Mr. Sh. Majitov, the First Deputy Chairman of “Uzbekneftegaz”, Chairman of the organizing committee
- Mr. B. Aleshin, honorable guest, Head of Federal agency on the industry of the Russian Federation
- Mr. Y. Shafrannik, honorable guest, Chairman of Union Council of oil and gas industrialists of Russia
- Heads of accredited diplomatic missions in the Republic of Uzbekistan such countries as Russia, France, Poland, Kazakhstan, China, Czech Republic, Iran, Canada, Germany and other.
- Mr. A. Shaykhov, Chairman of the Chamber of Commerce and Industry of the Republic of Uzbekistan
- Sir Andrew Wood, the senior adviser of I.T.E. Exhibitions and Conferences Ltd.
- Ms. J. Romanenko, Director of oil and gas division of ITE Group Plc.
- Mrs. N. Sarsenova, Head Advisor on ITE Uzbekistan
- Mr. I. Yakubov, Director of ITE Uzbekistan

Uzbekistan is a key supplier of natural gas. It is the third largest extractor of natural gas in the CIS and benefits from a large proportion of the fuel and power in the Central Asian region. Liberalisation of the Uzbek economy and a favourable investment climate aimed at developing all branches of the economy have enabled construction, reconstruction and modernisation within the oil and gas sector, financed by foreign investment and domestic oil and gas resources.

OGU 2007 is 30% larger than the previous year, which demonstrated the increasing interest in the Uzbekistan market shown by companies all around the world. Over 142 companies took part in the event from 18 countries: Austria, Germany, Netherlands, France, Poland, Czech Republic, Turkey, Iran, United Arab Emirates, China, USA, Malaysia, Indonesia, Azerbaijan, Russia, Ukraine, Kazakhstan and Uzbekistan.

A large part of the exhibition was reserved for state-of-the-art technology for the production and high-level processing of oil and gas. Leading oil and gas companies presented their latest achievements with regard to technology for transporting oil and gas, field exploration and development, and developments in geodynamics and hydrocarbonaceous potential in the Central Asian region.

**The OGU International Conference**, entitled: “Oil and gas industry of Uzbekistan: trends of development and prospects for cooperation” will be held alongside the exhibition on 16-17 May 2007 at the Intercontinental Hotel in Tashkent. Confirmed participants include representatives of the subdivisions of the “Uzbekneftegaz” National Holding Company, as well as leading scientists from the CIS and other countries around the world, including high-level representatives of government organisations from Uzbekistan and abroad, and heads of large Uzbek and international companies. Over two days, more than **400 delegates** will discuss issues relating to the enhanced development of hydrocarbon deposits, the use of alternative energy sources, and the prospects for the Uzbek oil and gas industry.

## Social Events:

One of the events held within OGU 2007 was the official reception celebrating the opening of the exhibition, which took place at the 'Radisson SAS Tashkent' hotel. The atmosphere was ideal, comprising a cool pool and lush green lawns. The gala reception was magnificently arranged and each event on the programme was met by a round of applause from the audience. The reception was opened by a group of young female gymnasts, and impressive synchronised swimmers, whose graceful moves to the rhythm of the music amazed the audience of high-ranking business people.

The swimmers were followed by a firework display. Awards were presented to the following companies: Lukoil Oil Company (best stand design), Eriel Corporation SRO (most original stand design), Petronas Carigali Overseas SDN BHD (best reflection of corporate style) and OEOC (original use of stand equipment). Beautiful dancing from the 'Ecstasy' group ended the evening in style. Participants commented that it had been the best reception of the year!

The following evening was spent in the 'Sinbad' restaurant on the shores of the Anhor river and was also very well received by participants. The restaurant was fitted out in the national style, serving national dishes and offering entertainment in the form of oriental music and dance. The evening is sure to remain in the memory of all those present, making OGU an unforgettable event all round!
